

Smart

Walking is better than driveig a car because you are not using electricity or gas

Red

Bikeing is way better then using electricity It is even faster then walking and running

Roller blades are also really good because you can also practice and get better evrey time Roller blades are also really fast

Ski is really fun in the winter but its better then a car and car.

not good

cars are not good for the environment because the gas and the electricity.

Planes are no good for the environment also because the gas in the air

both

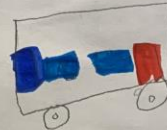

School bus because they cany lots of people

van

tundra bugy

my sea

boats are not good because the gas goes in the water

REMEBER to put trash in the trash
