

CEDC Challenge

One Hour No Power

**Potato Superkids,
go go go.
Saving the energy
flow flow flow!**

S.J I played with legos because it was fun and passes time

Turn off unnecessary lights, Turn off the faucet immediately after using up the water.

i drew cute drawings it's important because not just 1 person is doing this but multiple people are doing it and this helps the earth and saves energy Z.P

Saving energy and have fun without electronics. -K.Z

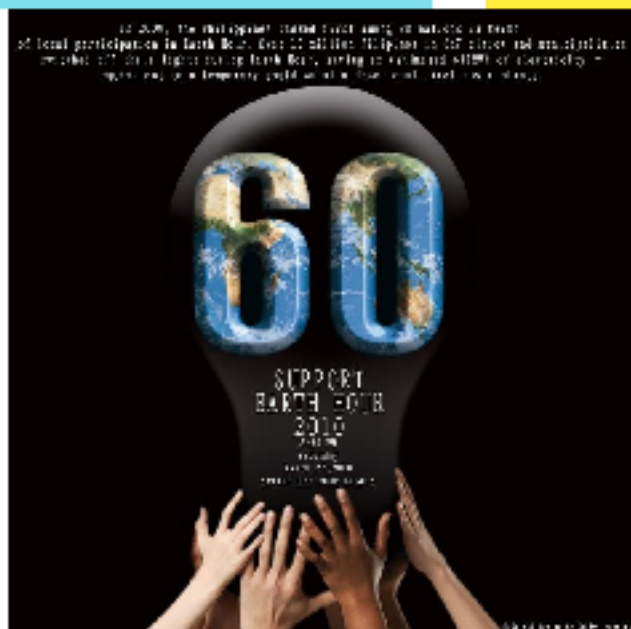

J.a I colored. its important because We don't use electricity and we didn't waste electricity. Also its good to get off your screen for an hour

I was coloring it was important to save energy because people are making the nature disappear. A.C Athena

T.Z Earth is sick right now we can help the earth

I drew because I think is really beautiful, it's important because we can save the earth. T.Z

I was making my bracelet and I choose purple and white because purple means dark and white means peace and it connects with the land acknowledgment. When I did the drawing it made me calm - S.W

L.C I drew about 4 drawings! It was really fun and even not touching any tech you could even forget the time! Everyone can save the earth by just doing this!

I read a book called I survived because I love history books. It is important because you save a lot of money and it's good for the earth. K.C

I was reading - Sumayah

I did color by sticker this was important because I didn't use electronics. I.H

It was really fun! This showed you dont need energy to have fun! Saving energy is good because it reduces air and water pollution (mhc)

I drew one of my stuffies and played with my toys I think it was important because the earth is getting hurt by using so much energy ~R.L

read instead of watch vids to save energy D.Z

melting beads. one hour no power is Important because we can save energy and the hydro factory will use less coal but it will need a lot of people to do hour no power for the hydro factory to use less coal so I need you to do one hour no

L.C. to save energy

saving energy is important because it helps the earth

I when outside to play with my scooter Chris it is important because using cars is a bad thing for the earth

it was good to learn more about the Earth and to save some energy from the Earth Tt-

i knitted E.L

I drew a perspective image during this time, it's very important because we need to save lots of energy A.Y

C.h i drew with markers. it is important because we need to save energy and to help earth since its sick now.
