100% Normal text Comic San... - 15 + B I U A

1. Turn off all our lights
2. Use natural night |
3. Unplug your devices when your done
4. Unplug your charger when you're done charging.
5. Use cold water to wash clothes.

(no subject) Henry Kelsey/Things I need to mark x

My tip is to use power bars because you can turn them off and on

Thanks for the tip!

Ok, thanks.

Thank you!

Tips and Tricks To Save Energy

- Go vegetarian once a week, as the meat will increase your carbon footprint
- STOP WASTING WATER. What's the purpose of 20-year showers, or 3-century long dishwashing? JUST STOP!!!
- Recycle, Reduce, Reuse; make the world greener
- Turn off unnecessary lights/power bars
- Turn off/unplug elects after use
- Do not go on road trips, since gasoline produces water and 18 hours is going to turn the world of Mommy Nature into a wasteland
- Natural light is the best light

Lines:
Here's an environmental tip from 7/8D. Stop going on road trips, especially long ones, because travelling in a car is one way to waste gallons of water and insult Mother Nature.

Tips to save Power Henry Kelsey/Things I need to mark x

Y [redacted]

to me ▾

- 1) Use LED lights because they use less power.
- 2) Save power by unplugging things you are not using like your toaster or washing machine
- 3) Power Saved :D

Hi, I'm a student from 7/8D and I will be sharing a tip to help save energy. It is to turn off the tap when brushing the teeth.

Hi, I'm a student from 7/8D and I will be sharing a tip to help save water! If you're taking a shower try turning off the water when you are applying on shappom, condition and soap.

"Get the Phantom Power out of your tower." M.M

"If it is yellow, let it mellow." M.M

"Use the 3 R's, reduce, reuse, recycle." M.M (E.M)

"It's easy to save water. Cut your bathing times to 2 minutes, or turn off the tap when brushing your teeth." M.M

"It's hot outside, and the AC is on, turn it off and open the windows and have a popsicle" M.M

Hi im a student from 7/8D and this is a quote from Benjamin Franklin ,

"When the wells dry, we know the worth of water." it mean not to waste water and you can do many things to help but one thing you can do is to turn off the tap when brushing your teeth

"If it's brown, no need to flush it down." E.M

"Save water, and it will save you." E.M

"A slogan on Water is a slogan on life." E.M

"Water taught lessons that the rest of the world could not." E.M

"Turn off the taps when brushing your teeth." E. M
