Martin's Comics

By Uwu_1032

But Kyle kept on playing on the computer.

Then Martin saw Kyle not listening to him so he went to tell his mom.

Mom! Kyle is on the computer to much. He is also not listening to me!

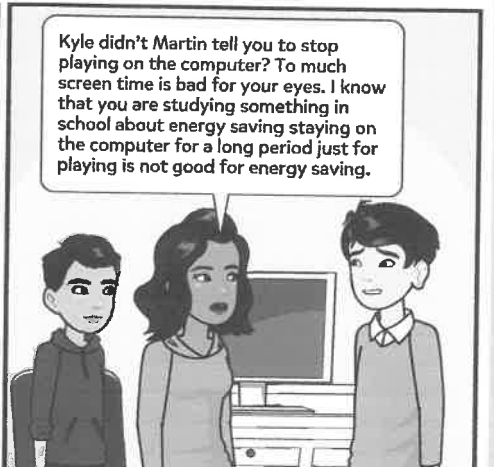

Okay! I'll go tell Kyle then.

So they went to tell Kyle

Kyle! My mom has to talk to you.

Huh? What?

Kyle didn't Martin tell you to stop playing on the computer? To much screen time is bad for your eyes. I know that you are studying something in school about energy saving staying on the computer for a long period just for playing is not good for energy saving.

Okay!

How about you and Martin go out and play outside instead!

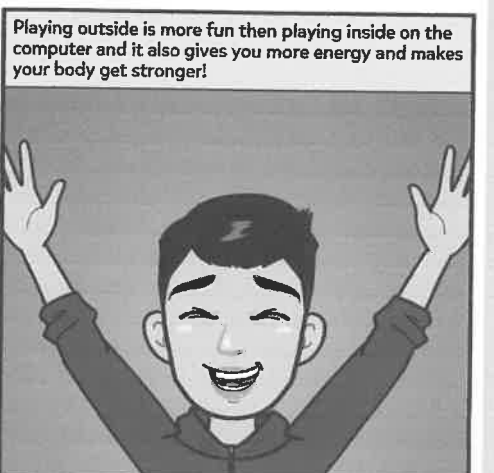

Okay!

You can't catch me!!

Oh yeah!?

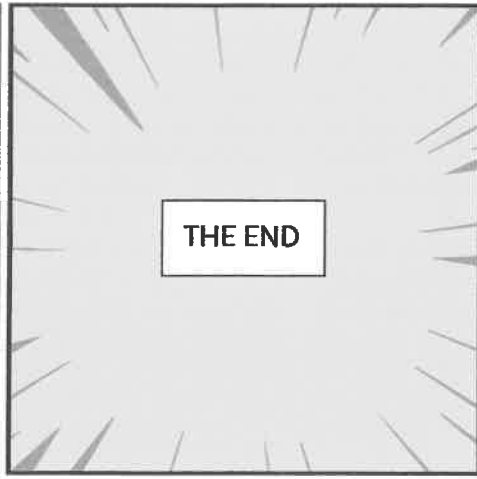

So Kyle and Martin went to play outside!

Playing outside is more fun then playing inside on the computer and it also gives you more energy and makes your body get stronger!

That's how Kyle learned to not stay on the computer to long.

THE END
