

# Do You Really Need It?

Name Zahria

Date April 21

## Worksheet

Things I use everyday that require energy, and time spent using them:

What I use	How long I use it
Wii console	1 hour
Light in my bedroom	30 minutes
TV	2 hours
computer/tablet	3 hours
Running water	30minutes

### Need (essential)

computer/tablet to do school work, light in the bedroom to see when it's dark, running water for cooking and drinking

### Want (privilege)

Wii console for fun, TV

To save energy I will give up using the TV for the next day because it uses a lot of energy . Instead, I will play outside.
